

JAMcK/HAD

26th January, 1972.

Superintendent R. Warne,  
Police Station,  
34 Wellington Street,  
FLEMINGTON. 3031

Dear Superintendent,

RE: SUNBURY HAPPENING.

As you suggested at our meeting on site on 25th January, I have defined a traffic route through Sunbury and advised the Officer in Charge at Sunbury - copy attached.

The Council will erect signs and maintain them.

I have also arranged for a watering truck to be available for the three days for use on Duncan's Lane.

I do again suggest that you consider one way traffic in Duncan's Lane and Bulla/Diggers Rest Road from Calder Highway to the point where both these roads join. There is a fairly narrow culvert in Duncan's Lane about  $\frac{1}{4}$  mile in from the Highway.

The Council thanks you for your Department's help in these traffic matters.

Yours faithfully,

J.A. McKERROW,  
SHIRE ENGINEER.

SUNBURY. 3429

JAMcK/HAD

26th January, 1972.

Officer in Charge,  
Police Station,  
Macedon Street,  
SUNBURY. 3429

Dear Sir,

RE: SUNBURY HAPPENING.

At a meeting on the site of the Sunbury Happening on 25th January, attended by Commissioner Miller and others, Superintendent R. Warne of Flemington, suggested I should contact you to advise of the route to be followed by vehicles from Melbourne headed for the Happening. Vehicles are to be denied access to the Bulla/Diggers Rest Road at Bulla and will be diverted through Sunbury to reach the western end of Bulla/Diggers Rest Road via the Calder Highway.

The Council is required to select the route through Sunbury and Superintendent Warne advises that Officers stationed temporarily at your station will be available to control traffic if this is necessary.

The route is to be :-

Macedon Street - Riddell Road (Railway Bridge)  
Horne Street - Vineyard Road to Calder Highway.

The Council will erect signs indicating "Happening"

at :-

Lancefield turn-off from Sunbury Road  
Sunbury Road - Francis Lane Intersection  
Stawell Street - Macedon Street Intersection  
Riddell Road - Horne Street Intersection  
Horne Street - Gap Road Intersection  
Vineyard Road - Calder Highway Intersection

A plan is attached showing the route and location of signs.

The Council is very appreciative of the assistance so readily given by the Victorian Police.

Yours faithfully,

J.A. McKENZOW  
SHIRE ENGINEER.
